Recommendation letter on behalf of:

Alejandro Torres Mateu

ID card number: 74389267

To whom it may concern:

My name is Jaume Aragones Ferrero, lecturer of the Computer Languages and System Department in the University of Alicante. I am writing this letter in support of Mr. Alejandro Torres Mateu's application for a Web Developer position.

Alejandro Torres was a student currently enrolled in the Multimedia Engineering degree at the University of Alicante from 2011 until 2015. I instructed him for the course "Hypermedia Programming I" during the academic year 2014-2015, and he got a mark of 7,5 from 1 to 10*.

Nevertheless, our lecturer-student relationship was absolutely positive during the year and I verify that he is a hard-working, persevering and responsible. Alejandro Torres showed a proactive attitude and a great interest in the course as well as professional capacity for facing and solving arising problems in practical works.

For all of the reasons stated above, I highly recommend Alejandro Torres as a good candidate for the Web Developer position.

In case further information is needed, I will gladly provide you with more detail about Alejandro Torres.

Yours faithfully,

Jaume Aragones Ferrero
